

ZENITH

An overview of our program for
foreign-educated Medical Technologists

OUR EXPERIENCE

- Since 2006, MedPro has been committed to helping healthcare professionals achieve a rewarding career in the U.S.
- MedPro International is the industry leader in the recruitment and placement of foreign-educated healthcare professionals, having placed more foreign-educated healthcare professionals into the U.S. healthcare system than any other U.S. company.

MEDPROU®

- Our MedProU® instructors will train you for success with your ASCPi and IELTS exams comprehensive reviews of the IELTS exam required in the U.S.
- Medical Technologists are enrolled in live, online, and self-study courses to help bridge the gap between skills acquired overseas and skills necessary to work in the U.S.
- Our U.S. assimilation training program will ensure you are prepared for life in the U.S. You will gain a solid understanding of U.S. cultural differences, financial budgeting, and the knowledge you will need to make educated, life decisions.

SIGN-ON BONUS PACKAGE

- Medical Technologists that sign up for our Zenith program may be eligible to receive a Sign-On Bonus Package which includes up to \$7,000 paid out at the start of their U.S. assignment.

COMPENSATION & BENEFITS

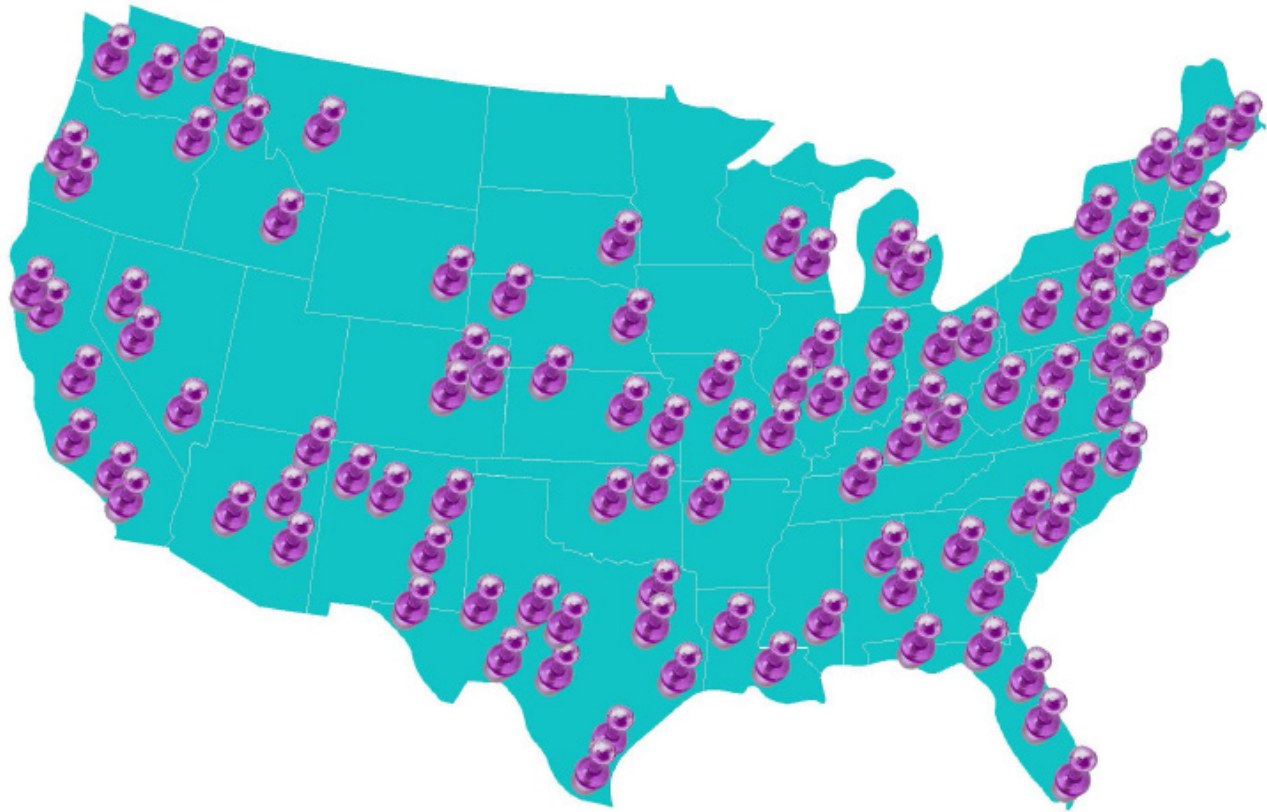

MedPro International is proud to offer the following compensation & benefits package:

- Complimentary exam fees, U.S. licensure and credentialing costs.
- We offer both H1-B Visa and Green Card sponsorship.
- Minimum starting salary of \$27.20 per hour with increases at 18 months.
- Comprehensive benefits package including health, dental, and vision coverage.
